SUBJECT DTDORIC/PBCHORD/Operational - Expansion of Book Mailing Program				

ACTION REQUIRED - REFERENCES

1. QRBOUT is seeking ways and means of expanding his book mailing program. He is particularly interested in identifying people in Italy who might be cooperative, especially those in academic, cultural, and scientific fields, and miscellaneous intelligentsia. He asks if we can provide any leads.

2. As a possible source of names--others as well as Italians--it might be useful to have a look at the attendance records of Westerners at international conferences held during the last two or three years in the USSR and some of the international conferences in the West which were attended by representatives from the USSR. ☐ and ☐ are suggested as sources. Our thought is that among the Western attendees, there may be some who may have developed correspondence with colleagues in their fields in the USSR. We would hope to identify some who, on the basis of their known interests and reputations, might be responsive to a completely overt approach by QRBOUT or someone in his group.
